The Brent branch of the NHS Retirement Fellowship, based in North West London, has a membership of over 300. We are a very dynamic and friendly branch.

From the spring until autumn we have a monthly full day outing when 80 - 100 people participate, necessitating two coaches. There are four pick-up points - Edgware, Willesden, Wembley and near Hillingdon Station

During the winter months we meet at Harlesden Baptist Church. We have excellent speakers with a wide range of topics; 80 - 90 people regularly attend these meetings.

Go through the gates of the church, turn left and go to the end of the path, then walk down the stairs to the hall on the right

In addition we have theatre outings; to a West End Theatre or The Wycombe Swan Theatre in High Wycombe

We have an annual holiday and in the summer a large contingent attend the national AGM and conference
